

NO	DESCRIPTION OF PROBLEM <i>(Mention the procedure that leads to the error or simply an issue that should be fixed)</i>	WINDOW <i>(the name of the window in question)</i>	COMMENTS
1	Removing an item already scanned does not remove the accumulated price from the total	Sales Window	<b>Fixed in version 2.4</b>  I actually saw this and fixed it the day after sending you v2.3
2	Reprint receipt. Kindly devise as way to be able to reprint the receipt. It's important. We have had 2 cases where we had to hustle, because we couldn't reprint a receipt. It may be part of admin functions and tasks or cashier.	Sales window/ admin window	<b>Already present in version 2.3</b>  When you view Sales, you can view details by receipt number. Just right click and "View Sale Details"
3	In log, I am not able top see level 1 logs. I can only view level 2 and 3 users	Admin >> Log	<b>Fixed in version 2.4</b>
4	Sales report. Is it possible to;  a) Select a "today" report, other than select "today" as 02/08/2014 to 20/08/2014. b) Can I be able to export the report to either excel or word?	Admin >> Reports	<b>Fixed in version 2.4</b>  A "Today" check box has been added. When you click this, the dates auto select themselves and you can click "Generate".

			You can print the report as a PDF. Just install an appropriate PDF printer. I left for you PDFCreator in the software folder.
5	Logs! There are notifications like, "ADMIN edited 1 item". Is it possible to click on that "1 item" and view the item edited?	Admin >> Logs	<p><b>Delayed for version 2.5</b></p> <p>Will fix this. May need to create another DB table. I need to brainstorm.</p>
